We are delighted to announce that we have been accredited under the 'Safeguarding Code in Martial Arts'.

The Code is designed to promote and recognise martial arts clubs and organisations who have reached and maintained excellent safeguarding standards. It also empowers parents and carers to make informed decisions when selecting a club for their child. The Mark shows prospective members and partners that the club in question has strong policies and procedures in place to protect the children, young people and adults that are involved in the club's activities, as well as those coaches/instructors who are working with them.

We are also proud to be ratified by the British Martial Arts and Boxing Association and are grateful for their support and assistance, especially in providing health and safety Covid-19 advice.
